Hey - I think you guys know that I work with Police on the 9-1-1 file as we own the contract. Anyway, the guys are telling me that 9-1-1 is getting hammered by crank calls from the protesters. I wasn't aware of that. Cody has never mentioned this in a 3-1-1 context so I assume they are just targeting Police.

"Parenti, Paola" <Paola.Parenti@ottawa.ca> 2/9/2022 1:30 PM

Brutal! They have no regard for someone who might actually need 9-1-1 for a life threatening situation. 🤔

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/9/2022 1:36 PM

Kim told me that one of the organizers said they are all leaving today to go to Toronto! He's not sure if that can be believed but he's hopeful.

"Pyper, Todd" <Todd.Pyper@ottawa.ca> 2/9/2022 1:37 PM

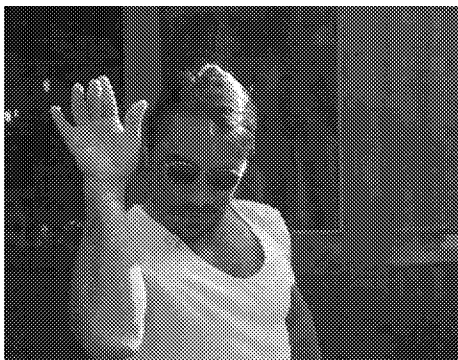

What a gift that would be.....but your cautious optimism is certainly justified!

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/9/2022 1:37 PM

But I mean... Team Toronto is apparently the best in the world. So, maybe we should learn from them. 🤔

CFRA also reported that the organizers are but I'll believe it when I see it. They have spread a lot of fake news 😊

9-1-1 call stats. They compare to 2019 so as to remove any COVID influence.

"Gooding, Beth" <beth.gooding@ottawa.ca> 2/9/2022 1:48 PM

Their telephone reporting centre that takes non-emergency calls usually has about 300 calls a day is running at over 1000 daily now

Request for clarification (Noting that Council is going on right now) - Cochrane, Kelly are you able to get any intel from your side:

[12:30 PM] Tuck, Christopher D

Hi Melissa; in discussions with Donna, would the EOC be able to provide clarification from police if they have or plan to engage CAS about any potential actions regarding the children and care who are part of the ongoing occupations? Thanks!

PSPC is reporting that families at the 1500 bronson encampment are tobogganing down the hills towards the major streets (riverside, baseline). Big concern, especially given the Moonie's Bay accident. They want to know if we can put up signage indicating not safe to toboggan asap

My apologizes - who owns 1500 Bronson is the a Federal site again.

"Cochrane, Kelly" <kelly.cochrane@ottawa.ca> 2/9/2022 7:32 PM

that's the last thing we need is a kid injured.

"Cochrane, Kelly" <kelly.cochrane@ottawa.ca> 2/9/2022 7:32 PM

They own the parking lot but not sure about Vincent Massey there. They seem to believe the hills are not theirs

"Cochrane, Kelly" <kelly.cochrane@ottawa.ca> 2/9/2022 7:34 PM

The director of PSPC states that he is working on the exact perimeter but they are definitely stepping off their land onto the the city sidewalk side as the kids slide down. Concerns for them ending up on a City street

"Lavery, Melissa" <Melissa.Lavery@ottawa.ca> 2/9/2022 7:34 PM

Thanks Kelly - I started another chat with to get this looked into ASAP
